Brookmeade Building Ltd

Based in Stretford Manchester, we are a well established all- trades building contractor providing a comprehensive building construction and repair service for clients in the Commercial Property Sector, Private Landlords and Social Housing.

Since the 1970's we have been the building contractor of choice for leading brewers, undertaking the repair, extension and refurbishment of pubs, hotels and restaurants across the UK. In order to fulfil the demanding standards of this market our team has grown to include all of the key building trades. This has become an important advantage when undertaking extensions and alterations for householders and architects in that our own reliable people complete jobs from start to finish.

Commercial Building Contractors

Our history of work in commercial property includes the major refurbishment of mixed retail and residential developments, and the refurbishment of office space throughout the North West of England. As term contractors to leading property management businesses over an extended period of time we have in place all of the necessary management controls and compliance systems which are required to meet all current health, safety and environmental requirements.

Professional Building Management

From professionally qualified project planning and management staff through to our time served craftsmen who are all NVQ qualified and trained in safety our team at Brookmeade will take your project from concept to final completion. We have the range of skills to take each job through to completion and our ability to plan, quality control and focus on the attention to detail ensures that we deliver customer satisfaction as well as an on-time and in-budget final completion.

All the Skills, All of the Time

The skill set and organisational ability within our firm enables us to deliver a twenty four hour, seven days a week service to deal with urgent or emergency repair work in your business premises, and we are used to arranging working hours to minimise disruption to your customers and to your normal business operation.

Organisation And Planning

Mark's wife Lesley works as financial controller in the family business and is a qualified accountant (ACCA). His son Ashley and his brother Andrew are SSSTS qualified and additionally are qualified in their own trades (joiner/ bricklayer respectively), whilst Dale Towers our contracts manager has a Diploma in Construction Contracting Operations Management, IOSH and has a craft skills background. This combination of design, management, craft skills and finance skill sets has enabled Brookmeade Building Ltd to become well established as a multi trade building and repair business in Manchester, the North West and across the UK with a significant client base. Long term partnerships have provided a stable base workload across a geographical area covering from Northampton to Newcastle.

Mark Whelan

Our team is led by Mark Whelan who joined the family building business straight from school. Mark's interest lay in the professional side of the construction industry. Mark has learnt the leadership skills required to take the company forward and establish its standing of today.

Lesley Whelan

Lesley Whelan is a qualified accountant (ACCA). Lesley takes responsibility for the financial control of the family business. Clients appreciate the strong financial position of Brookmeade as it de-risks their project plans.

Our Promise to You

We offer value for money, reliability, quality, and an easily contactable aftercare service. This all comes as standard on every job. You will be dealing with a well founded, here today - here tomorrow third generation family run business which is big enough to provide excellent work, but small enough to give you a personal and attentive service.

Building Services for Pubs, Clubs, Restaurants and Hotels.

Our record of undertaking building work in pubs, clubs, restaurants, and hotels dates back to the early 1970's when we carried out plumbing and building work in the Wilsons Brewery. From that time we have worked continuously with major brewers on the repair, refurbishment and extension of their licensed premises. Our Client list includes household names such as Greene King (Old English Inns, Hungry Horse & Greene King Inns), Wilsons Brewery, Grand Metropolitan, Scottish & Newcastle, Bold and Pub Support Company, Magic Pub Company, Enterprise Inns as well as individually owned and managed entertainment premises.

Building Services for the Food & Hygiene Industry

Our Client list includes household names such as Greene King (Old English Inns, Hungry Horse & Greene King Inns), Wilsons Brewery, Grand Metropolitan, Scottish & Newcastle, Bold and Pub Support Company, Magic Pub Company, Enterprise Inns as well as individually owned and managed entertainment premises.

Building Services for Commercial Property.

We have undertaken refurbishment and repair work in a wide range of commercial premises in the Greater Manchester area. Successfully completed projects include the conversion of property, the refurbishment of community centres, a four-floor office refurbishment including the conversion of the top two floors from residential to commercial office space, and the total replacement of an aged 1000 sq. ft. roof including the replacement of the associated drainage system.

Building Services for Comercial Landlords.

Brookmeade Building Ltd offer landlords a reliable and value for money one-stop-shop for the full range of building refurbishment and repair in tenanted property. The quality of customer care provided by our vetted and fully trained craftsmen ensures that there is a minimum of tenant issues associated with building work in commercial property.
